

up" with technology. New employees are often helping older employees with any technology needs.

c. Path Grant for 2023

- x Focusing on short term programs like CNA and EMTs
- x All community colleges received funds based formula
- x According to state officials, likely to be renewed for Fall 2023 hopefully for a longer term.
- x Looking for ways to incorporate all Health Sciences students including complementary health students.

II. Program Updates

a. Program Enrollment

- x Currently TPM 10 students enrolled, 10 are graduating this August compared to 2 last August. New EST class starting in August 2023 - expected to be full.
- x The demand for therapists is there but there are not enough recent grads to hire. Employers have been hiring from out of state.
- x Private schools have been closing; grateful for Kish and its program.
- x Question: Could Kish run cohorts of the program more often, instead of

just starting every 26 (1) 2 (0) 2 (2) 8 (3) -2 ( ) TJ 0 34 Eldary oCd - xm PØ; z\*½Í

- x Another employer emphasized that it would be helpful to have more students in the program.
- c. Discussion- Internships
  - x This would be over summer and considered a clinical class including both hands on expectations and spa expectations
  - x Questions from Kish
    - o How has supervision of interns worked in your workplace?  
Howard and Collen shared they do weekly feedbacks from employer and clients to share with intern.
    - o How has the intern been graded or assessed?  
The instructors do the grading
  - x Other suggestions
    - o Internship on a rotation basis such as 2 weeks at spa, 2 weeks in class, 2 weeks clinical.
    - o Students would gain experience in a variety of environments.
- d. Employer Panel Data
  - x Will be held July 19<sup>th</sup> at 5pm; opportunity to meet the 10 graduates and talk to them about workforce opportunities
